5th January 2021

Dear Parents/Carers,

Remote Learning

As of Wednesday 6th January your children will be required to complete daily online lessons. It is a legal requirement for children to complete their home learning. We will be monitoring all children to ensure they are completing their learning every day. Adults from the school will phone children who have not completed their work. The number will be withheld for safeguarding reasons. Please be aware of this as it is important that you answer the phone when we call.

Expectations are outlined below:

Nursery and Reception

Daily learning will be uploaded on the school's google drive at **9.30 am** accompanied by a short video from the teacher introducing the day's tasks.

Years 1 and 2

Daily learning will be uploaded on the school's google drive at **9.30 am** accompanied by a short video from the teacher introducing the day's tasks.

We would encourage you to email completed work to the class teacher by **2.30 pm** of the same day - this can be an uploaded photo of your child's work. Your child's teacher will then be able to give feedback and comment upon your child's learning.

The drive can be accessed via the school's website: www.childericprimary.co.uk then click on the Quicklinks tab and then the online learning tab.

Years 3, 4, 5 and 6

Daily learning will be placed on Google classroom by their teacher at **9.30 am** accompanied by a short video from their teacher introducing the day's tasks. Google Classroom is an interactive tool which enables teachers to collaborate, communicate and share resources with the children in their class. Teachers, throughout the day, will monitor, assess and give feedback on learning. Children are expected to submit completed work by **2.30 pm** of the same day.

To access google classroom children need to go to www.classroom.google.com , click 'go to classroom' and then enter their username (this is unique to each child and looks like an email address. It ends @cd.cetcloud.org) and then enter their password. Children have been using this previously in school.

If you need assistance to ensure that your child can access online learning, please contact me by email [cbessant.209@lgflmail.org] and I will get back to you.

We want to give your children the best remote education that we can and appreciate your efforts to assist us in this.

My very best wishes for a much brighter 2021 to everyone.

Yours sincerely

Colin Bessant
Deputy Headteacher
