

29th January 2021

Dear Parents and Carers,

We are pleased to inform you that from next week we will be holding weekly live Google Meet sessions for Nursery children.

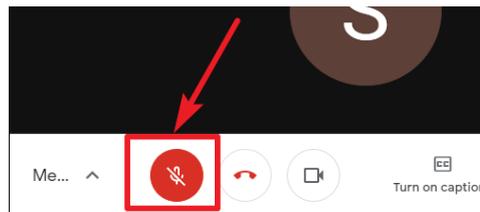

These sessions will be approximately fifteen minutes long. We will start by saying hello to all of the children and giving them the opportunity to say hello to each other. Your child might like to bring a drawing, painting or favourite toy that they wish to share with the group. We will sing some action songs to get everyone involved. We hope that the children will enjoy the opportunity to see their teachers and friends and to feel a part of our school community.

Every Tuesday we will send an email to you with a link to the live session. The session will be on Wednesday afternoons at 2.00 or 2.30 pm so that they do not clash with any sibling's live lessons.

Please try to be prompt when joining the meeting as they are only short sessions. We will be unable to admit anyone else after the first five minutes.

Please support your child to get started - they may find it overwhelming at first but hopefully we will all grow in confidence as we go on! Stay close at hand throughout the meet and encourage them to answer any questions, trying not to answer for them if possible.

At certain points we may have to put children on 'mute'. A red microphone icon with a line through it will appear if so. We cannot 'unmute' children so you will need to show your child how to click on the red microphone to unmute and answer any questions (see below).

We are looking forward to seeing you!

If you have any questions, please do not hesitate to e-mail us.

Best wishes,

Sian and Mr Tribble
