We believe that our schools and settings are key to tackling racism and other forms of discrimination. We will support all Lewisham schools and settings in their commitment to standing against racism and injustice, alongside and in solidarity with the local and global Black community.

A message from Childeric Primary School

'We Care, We Share, We Believe, We Achieve'

At Childeric we believe that everyone has the right to be treated fairly, equally and with respect in all walks of life. We are committed to giving every child the skills, knowledge and experiences they need to be successful citizens who can positively influence society in the future. Our core values, including respect and equality, are embedded in our school ethos and underpin everything that we do.

We stand as one with our local and global Black community as well as the wider BAME community in challenging injustice and condemning racism.
